

# bathroom and kitchen accessories

**SISTEMABINARIO** is completed by a range of kitchen and bathroom accessories specifically designed to fit perfectly into this revolutionary furnishing system. All accessories are in AISI stainless steel and are characterised by a minimalist 20 mm diameter cylindrical component perfectly suited to the matching aluminium rail. A simple frontal mounting system allows one to make the very most of **SISTEMABINARIO**. Shelves and other finishing accessories in the range are in satin effect glass.
