

New 'Dispenser' boxes make it easier to take out cross and "T"-shaped spacers for tile laying.

The contents size is stamped on every plastic bag you pull out from the new front dispenser. This enables to have always an ordered warehouse of all sizes, helping the stock recovery, with the right size and the item code always at hand.

The boxes are superimposable and multiple of a pallet to optimise the transport and the stocking.

dispenser *DIC-DIT*

Frontal content size label for an immediate stock check.

Content	Art.	Size	Pcs for Set	N. Set
<input type="checkbox"/>	DIC 10	1 mm	500	60
