

mosaictec LIM 51

MOSAICTEC LIM 51 decorative listello in aluminium for vitreous mosaic with reduced thickness.

This innovative profile perfectly integrates with the grout line, without displacing the mosaic covering pre-existing joints, and thus creating beautiful aesthetic effects, both horizontally and vertically with a high flexibility in the tiling pattern.

The profile particular section allows its installment just with a simple widening of the tesseras, which once returned in their former position keep the profile in the right position, without modifying the joints interax.

A simple solution to customize the mosaic adding a special touch also to the standard, easy to find versions.

MOSAICTEC LIM 51 A* Anodised Aluminium

A silver (AS) coated aluminium profile which offers adequate protection and tolerance to wear over time.

The surface of this anodised aluminium profile has been chrome-effect (ASB) treated in order to give that sparkling effect in combination with bathroom ware shiny gold finish effect is also requested for particular combination in interior decorating design.
