

roundjolly® RJ

The ROUNDJOLLY® profile perfects and protects the external sharp corners leaving a pleasant aesthetic finish to the wall. The corner of the wall is well protected from impact and the edge being rounded off, thanks to the ROUNDJOLLY® circle section, is less dangerous in case one should accidentally hit it.

Stainless steel and Brass Section

Aluminium and PVC Section

(RJ 80*)

ROUNDJOLLY® RJ-I* Stainless steel AISI 304 - DIN 1.4301 and AISI 316

Stainless steel can ensure a high tolerance against most diluted chemical products therefore it is ideal for food industry environments, hospitals and laboratories. The AISI 316 (code ILM) choice is recommended as standard for salty or aggressive environments. Available in the polished version, (IL), brushed, (IS) and sanded, (IX) (H 8,10,12,5)* - RJ 45: different section.

ROUNDJOLLY® RJ-OC Chromed Brass

Brass profile with top chrome (OC) finishing effect. Resistant to humidity. Great visual impact and good tolerance to mechanical stress.

ROUNDJOLLY® RJ-A* Anodised Aluminium

Silver (AS), gold (AO), copper (AR) or titanium (AT) coated aluminium profile which offers adequate protection and tolerance to wear over time. The surface of this aluminium profile has been bright anodised on chrome (ASB), titanium (ATB), gold (AOB) or copper (ARB) effect in order to give that sparkling effect in combination with bathroom ware. It holds the same properties as the other aluminium models.

Wall section where the application of the jointing RJ capsule for the profile trim finish is evident.

Other applications may be: top skirting finish (as seen in diagram) or edging of tile covering, natural stone or limestone as well as for moquette carpeting. To ensure a perfect grip, the profile trim must be completely filled all within the cavity with the grout for layers.

ROUNDJOLLY® RJ-A* Extruded Powder Coated Aluminium

This aluminium profile is lacquered with polyester powder base varnish paint in order to guarantee tolerance against main domestic cleaning products and atmospheric agents as well as UV rays. The profiles perform in endurance and elasticity for one may find a not so straight wall during the installation. The profile is entirely varnished also within its flange.

ROUNDJOLLY® RJ-P* Full body coloured Synthetic Resin

The product is entirely of a solid colour compound and not colour coated. This profile is available in a wide range of colours and can be utilized in the most diverse environments which require coverings. This type of trim profile is easy to cut to size so the laying may result quicker and less time consuming therefore one would economize in terms of working over the entire project budget.

Again this product maintains a good performance over time against UV rays and small scratches provoked from friction, tolerates impact and chemical agents present in most detergents.

ROUNDCAPSULE RJC and RJJ

End caps for the profiles ROUNDJOLLY® series. They can perfectly connect 2 or 3 axis.

Available external end caps Code RJC and internal ones Code RJJ.

Available also end caps RJC-A and RJJ-A in Aluminium with an imitation Polished Stainless steel finish.
