

STAIRTEC SM is a stair nosing profile made in aluminium or brass with an anti-skid rubber grooved or flat smooth insert. It is truly ideal for protection and as a safety measure of stair steps with carpet or rubber covering. The profile can be fixed by screws which are placed within the rubber insert track so that the screws become invisible.

stairtec™ SM

STAIRTEC SM 28 A*N Extruded anodised aluminium

Profiles in anodised aluminium available in Silver (ASN), Gold (AON) or Bronze finish (ABN).

To be installed with the anti-slip infill grooved (SMI) or smooth (SML).
