

# squarejolly SJ

**SQUAREJOLLY SJ** is a multipurpose aluminum profile used in laying thin-set wall installations. Its uniquely symmetrical shape lends itself to endless detailing possibilities.

The inner section of the profile has been designed to interlock with **SQUARECAPSULE SJC**: a single, symmetrical element which acts as an end cap, internal and external corner, and three-way intersection.

(SJ 80\*)

### SQUAREJOLLY SJ-P Solid Extruded Synthetic Resin

Extruded as solid synthetic resin, this profile is not simply color-coated; the color is fully embedded in the body of the profile and is available in a vast color range suitable in diverse design settings. This trim profile is easy to cut, saving time and money in the installation process and guaranteeing impeccably durable results. The profile is UV and scratch resistant, tolerant to mechanical impact and most domestic cleaning products.

### SQUAREJOLLY SJ-PM 11 Co-extruded Synthetic Resin and Methacrylate

A profile in coextruded resin with the visible edge in methacrylate. This innovative, highly-resistant and transparent material is suitable for modern bathtubs and shower bases. The profile is easy to cut, saving time and money in the installation process.
